

One Day Seminar & Exhibition on
“EMERGING TRENDS IN ELECTRIC MOBILITY
;
OPPORTUNITIES & CHALLENGES FOR MSME’S”
on Tuesday, 27 August 2019 at MCCIA, SB Road, Pune 16
9:30 am to 5:30 pm (delegate registration starts at 8:45 am)

INTRODUCTION

Innovations are happening at a fast pace globally along the entire electric vehicle value chain. In India too, work is going on for planning a smooth transition to electric vehicles. A steering committee report of the Niti Aayog recently laid out a road map for the smooth rollout of electric vehicles in a phased manner, as well as the setting up of battery manufacturing factories to bring down the costs of EVs. This plan also envisages an extensive plan for replacement of various categories of vehicles by EVs in certain time frames, which presents unprecedented opportunities for the Indian industries in this domain.

WHY ATTEND?

- Get updates on the road map regarding adoption of EV’s
- Learn about the Emerging Trends & The Indian Scenario on Electric Mobility
- Learn about the challenges & opportunities in the EV Eco-System, esp. for MSME’s
- Interaction with Industry Leaders from this domain
- Get updates on advanced technological solutions and disruptive innovations and learn about best practices

There will also be a small concurrent exhibition displaying the capabilities and expertise of the industry.

WHO

SHOULD

ATTEND?

Companies, MSMEs and individuals in the following sectors can benefit: Manufacturers of Electric and Hybrid Vehicles, Electric and Green Vehicle Infrastructure, Battery Manufacturers and Battery Management System, Startups, Decision Makers & Technical Experts from Industry, Dealers & Distributors, Infrastructure Developers, Sustainable Solution Providers, EV Eco-system stakeholders & those who want more information about the opportunities available in this domain.

HOW

TO

PARTICIPATE?

BE A DELEGATE

This event will offer a unique opportunity to network, exchange ideas, discuss key challenges, get update on regulations, innovations in technology and advancements.
