### Pen Workers

*Kavish Kasmiri, Proprietor*

Pen Workers being a 101+ years old company manufacture cinema seating, auditorium seating, classroom furniture and retractable seating solutions. I am the fourth generation in this business. We are based in Mumbai and have three manufacturing units here. Our experience at WOFX was good it was great meeting people from different verticals and avenues within the same industry. Overall, the experience was very positive.

## BUILDING NETWORK. BUILDING BRANDS.

### Trezure Casa

*Mansi, Chief Sales Officer*

Trezure Casa made a powerful impact at WOFX. Our umbrella of four labels HOM, Gardeco, NOYA, and Modaform drew an incredible response. We connected with numerous dealers from across the country, especially from the South, North, and West providing us with a significant opportunity to accelerate our pan-India expansion. The overwhelming national interest we received ensures that Trezure Casa will return for WOFX 2026.

### Reactive Polymer

*Pulin Shah, Owner*

"We attended WOFX earlier but not as exhibitors. This year, we participated as exhibitors, and the experience has been really good. Many visitors who were unable to visit our factory were able to come, meet us, and see our products here. We are very happy with our participation, and overall, our experience at WOFX has been positive."

### Bluecity Designs

*Rahul Chhajer, Head of Merchandising*

This was our first time participating. We are a manufacturing company based in Jodhpur and are trying to capture the domestic market. At WOFX we saw many architectural, home and hospitality enquiries. My experience was good, and we received numerous enquiries.

**15+ EXHIBITING COUNTRIES**

### TOMO and Zerme by Trezure

*Nilesh Gala, Director*

My experience at the World Furniture Expo was really good and amazing. We faced a small hitch due to the Indigo Airlines issue but apart from that the experience was excellent with good footfalls. We generated new leads, strong connections and good business opportunities here.
